CLEAR INSTRUCTIONS

Be precise and specific in what you are asking.

Instead of 'Tell me about dogs', use 'Provide a summary of the history of domestic dogs'.

Instead of 'Discuss the history of Rome and the laws of thermodynamics', choose one, like 'Discuss the history of Rome'.

E

ENSURE NEUTRALITY

Ask questions in a neutral manner that doesn't suggest a particular answer.

Instead of 'Don't you think electric cars are better?', use 'What are the pros and cons of electric cars?'.

A

ADOPT A PERSONA

Ask the AI to assume a certain role or personality when answering questions.

Rather than 'Give me advice', say 'Give me advice as if you were a personal fitness coach'.

R

REQUEST SPECIFIC FORMAT

State the particular output format you want, such as a list, a poem, or a formal letter.

Instead of 'Write something about the moon', specify 'Write a short poem about the moon'.
